UNITED STATES OF AMERICA
v.
Ubaldo Enrique BOJORQUEZ-Caro

STATEMENT OF FACTS

This complaint is based on the personal observations, investigation, and information furnished to U.S. Immigration and Customs Enforcement Special Agent Robert J. Fejeran, Jr.

On August 25, 2008, at approximately 0910 hours, Customs & Border Protection Officer (CBPO) Israel Mercado was manning vehicle primary inspection lane #8 at the Calexico, California, West Port of Entry when a 1993 Chevy pickup, bearing Baja California Mexico license plate AM24096, approached his lane for entry into the U.S. CBPO Mercado encountered the operator and sole occupant of the vehicle identified as Ubaldo Enrique BOJORQUEZ-Caro.

At primary inspection, BOJORQUEZ gave a negative oral Customs declaration and claimed the vehicle belonged to his boss and he was on his way to Kragen Auto to buy some auto parts. CBPO Mercado conducted an inspection of the vehicle and noted the transmission case under the engine appeared to be unusually oversized and modified. CBPO Mercado escorted BOJORQUEZ and the vehicle to vehicle secondary for further inspection.

While in vehicle secondary, a Human and Narcotic Detector dog alerted to the vehicle undercarriage near the driver's side. The vehicle was transported to the Calexico East POE where the transmission case was removed resulting in the discovery several packages hidden in a non factory compartment within the case. A total of six packages were removed from the compartment. One of the packages was probed producing a crystal like substance, which field-tested positive for the presence of methamphetamine. The total weight of the packages was approximately 2.82 kilograms (6.20 pounds).
